Experience:

Aviasales, Frontend Developer

July 2024 - March 2025

- Enhanced the SVG file handling and usage system in the UI kit by creating a dedicated component to work with images of various formats (SVG, PNG, JPG, WebP). Optimized SVG usage and integrated the SVGR library into the project, addressing performance and image loading issues.
- Developed NestJS modules for database management as part of a blueprint for future projects.
- Integrated Prisma ORM into the project and set up modules for collecting and processing statistical data.
- Configured logging on the project, covering calls, errors, and other operations with logging.

6Seniors, Freelance & Educational Projects:

- Improved the component system as part of an educational project.
- Designed landing pages for personal and corporate websites.
- Worked on adaptive layouts and refactoring of a corporate website.
- Conducted accessibility audits in collaboration with a nonprofit organization.

Education:

- JavaScript.Info:
 - Course on React,
 - Course on TypeScript.
- Frontend Masters:
 - Course "You Don't Know JS" by Kyle Simpson,
 - Course "The Hard Parts of JavaScript" by Will Sentence,
 - Course "Intermediate React" by Brian Holt.
- Working with a mentor (Senior Frontend Developer).
- Member of the frontend developers community 6Seniors.

Skills:

- Languages: JavaScript, TypeScript, HTML, CSS
- Libraries, frameworks and tools: React, Next.js, SASS, Tailwind CSS, Bootstrap, React Router, NestJS, Git, Jira

Languages: Russian - native, English - B2, Romanian - B2, French - A2
